Responsibilities

Traffic and Transport

Project Scope

Cardno Grogan Richards is considered to be Australia's leading shopping centre traffic consultant. We are an integral part of the project design team providing advice on matters relating to car parking, pedestrian movement, cyclists, commercial vehicles and public transport.

Our services include:

- Site master planning
- Conceptual design development
- Design documentation
- Traffic impact studies and generation analysis
- Car park modelling and design
- Pedestrian movement and safety
- Loading facility design and operations
- Statutory signage and linemarking
- Wayfinding signage
- Road safety audits
- Construction traffic management
- Road network and intersection design
- Intersection signalisation
- Bus interchange design

Cardno Grogan Richards has been involved in a large number of shopping centre developments throughout Australia including:

- QV, Melbourne
- Westfield Plenty Valley
- Chadstone Shopping Centre
- Northland Shopping Centre
- Knox City Shopping Centre
- Centro The Glen
- Eastland Shopping Centre
- Greensborough Plaza
- Camberwell Central
- Watergardens Town Centre
- Westfield Fountain Gate
- Melbourne Central
- Highpoint Shopping Centre
- Harbour Town Waterfront City
