(e) The Board meets at least nine times per year in scheduled meetings, where it receives monthly performance, operations and compliance reports from the Managing Director, the Finance Director and the Board Committees.

(f) In addition to formal meeting time, directors spend time reading and analysing board papers and reports submitted by management, and they also engage in regular informal discussions with management.

3 Powers delegated to management

(a) The Board will delegate to the Managing Director the authority and power to manage Cardno and its businesses within levels of authority specified by the Board from time to time. The Managing Director may delegate aspects of his or her authority and power but remains accountable to the Board for Cardno’s performance and is required to report regularly to the Board on the progress being made by Cardno’s business units.

(b) The Managing Director’s role includes:

(i) responsibility for the effective leadership of the management team;

(ii) the implementation of Cardno’s strategic objectives and instilling and reinforcing its values;

(iii) the day-to-day management of Cardno’s operations (including operating within the values, code of conduct, budget and risk appetite set by the Board);

(iv) oversight of the provision by Senior Management to the Board of accurate, timely and clear information on Cardno’s operations (including, but not limited to, information about Cardno’s financial performance, compliance with material laws and regulations and any conduct materially inconsistent with Cardno’s values or code of conduct); and

(v) evaluating the performance of all other members of Senior Management based on key performance indicators (including company financial
performance, individual performance and other financial and non-financial metrics).

4 Board structure

The composition, structure and proceedings of the Board are primarily governed by Cardno’s constitution (a copy can be found on the company’s website) (Constitution) and the laws governing corporations in jurisdictions where the company operates. The Board, with the assistance of the Nomination Committee, will regularly review the composition and structure and performance of the Board.

5 Board composition

The Board aims to have a board of directors which has, at all times, the appropriate mix of skills, experience, expertise and diversity relevant to Cardno’s businesses and the Board’s duties and responsibilities.

6 Appointment and re-election of directors

(a) With guidance from the Nomination Committee and, where necessary, external consultants, the Board will identify candidates with appropriate skills, experience, expertise and diversity in order to discharge its mandate effectively and to maintain the necessary mix of expertise on the Board.

(b) The Nomination Committee assesses nominations of new directors against a range of criteria including the candidate’s background, experience, gender, professional skills, personal qualities and whether their skills and experience will complement the existing Board.

(c) The criteria to assess nominations of new directors is reviewed annually and the Nominations Committee regularly compares the skill base of existing directors with that required for the future strategy of Cardno to enable identification of attributes required in new directors.

(d) Before appointment to the Board, candidates must confirm that they will have sufficient time to meet their obligations to Cardno, in light of other commitments.

(e) New directors are to be provided with a formal letter of appointment to the Board setting out the key terms and conditions of the appointment, together with any other documents that Cardno considers relevant to the appointment.

(f) For shareholder meetings where directors are standing for election or re-election, the notice of meeting must include information to enable shareholders to make an informed decision on their election.

(g) All directors (other than a Managing Director, if any) are subject to re-election by rotation at least every three years. Newly appointed directors must seek re-election at the first general meeting of shareholders following their appointment.
7 Board, committee, individual director and Managing Director performance reviews

(a) With guidance from the Remuneration Committee and Nomination Committee, the Board will regularly review the performance of the Board, its committees, the directors, the Managing Director and Senior Management against appropriate measures. This process may involve the completion of questionnaires followed by individual interviews with the Board Chair or a roundtable discussion or an external consultant.

(b) Each year, (i) a statement detailing the mix of skills and diversity which the Board is looking to achieve in membership to the Board and (ii) details of the length of service of each director should be included in Cardno’s annual report.

8 Board Chair

The Board Chair will be elected by the Board and, to the extent practicable, should be an independent director. The Board Chair should not hold, and should not have held within the previous 3 years, the office of Managing Director of Cardno.

The Board Chair’s role includes:

(a) leading the Board;

(b) facilitating effective contribution of all directors and promoting constructive and respectful relations among the directors and between the Board and management;

(c) approving board agendas and ensuring adequate time is available for discussion of all agenda items, including strategic issues;

(d) representing the views of the Board to the public; and

(e) presiding over meetings of the Board and general meetings of shareholders.

9 Company secretary

(a) The Board appoints and removes the company secretary. All directors are to have direct access to the company secretary.

(b) The company secretary is responsible for the day to day operations of the company secretary’s office, including the administration of Board and committee meetings, overseeing Cardno’s relationship with its share registrar and lodgements with the ASX and other regulators.

(c) The company secretary is also responsible for communications with the ASX about listing rule matters, including making disclosures to the ASX in accordance with Cardno’s Disclosure Policy.

(d) The company secretary supports the effectiveness of the Board by monitoring that Board policy and procedures are followed and co-ordinating the completion and despatch of Board agendas and briefing papers.
(e) The company secretary is accountable to the Board through the Board Chair, on all matters to do with proper functioning of the Board.

(f) The company secretary is responsible for organising the induction of new directors and facilitating ongoing professional development training for directors.

10 Keeping directors informed

(a) New directors are to be briefed on their roles and responsibilities and the minutes and papers of Board and committee meetings will be made available to them.

(b) Board papers are distributed, where possible, within a reasonable period of time before each meeting.

(c) Time is to be allocated at Board and committee meetings for continuing education on significant issues facing the company and changes to the regulatory environment. This is to include briefings by Senior Management and external consultants from time to time.

11 Access to independent advice

Directors may obtain independent professional advice at Cardno’s expense on matters arising in the course of their Board and committee duties, after obtaining the Board Chair’s approval. Whenever practicable, the advice must be commissioned in the joint names of the director and Cardno, and where appropriate a copy of any such advice should be provided to and for the benefit of the entire Board. The other directors must be advised if the Board Chair’s approval is withheld.

12 Non-executive directors’ meetings

The non-executive directors are expected to meet periodically with no management present, to review management performance.

13 Independence of non-executive directors

(a) To be judged independent, a director must, in the opinion of the Board, be free of any interest, position or relationship that might influence, or reasonably be perceived to influence, in a material respect, his or her capacity to bring an independent judgement to bear on issues before the Board and to act in the best interests of Cardno as a whole rather than in the interests of an individual security holder or any other person.

(b) Individuals would, in the absence of evidence or convincing argument to the contrary, not be characterised as independent if they were:

(i) employed, or had previously been employed in an executive capacity by Cardno or any of its subsidiaries in the three years prior to becoming a director; or

(ii) receiving performance-based remuneration (including options or performance rights) from, or participates in an employee incentive scheme of, Cardno; or
(iii) within the last three years, in a material business relationship (eg as a supplier, professional adviser, consultant or customer) with Cardno or another group member, or is an officer of, or otherwise associated with, someone with such a relationship; or

(iv) a substantial shareholder of Cardno, or a representative of, or an officer or employee within the last three years of, or professional adviser to, a substantial shareholder of Cardno; or

(v) has close personal ties with any person who falls within any of the categories described above (which may include, for example, ties based on family, friendship or other social or business connections); or

(vi) has been a director of Cardno for such a period that his or her independence from management and substantial shareholders may have been compromised; or

(vii) directly involved in the audit of Cardno or any of its subsidiaries.

(c) Cardno will disclose the names of the directors considered by the Board to be independent directors in Cardno’s annual report.

(d) If a director has an interest, position or relationship of the type described in sub paragraph (b) above, but the Board is of the opinion that it does not compromise the independence of that director, Cardno may consider disclosing in Cardno’s annual report the nature of the interest, position or relationship in question and an explanation of why the Board is of that opinion.

(e) Any change in the nature of the independence status of a non-executive director must be promptly notified to the Board Chair and company secretary and the Board will review that director’s independence status. If the Board determines that there has been a change to the independence status of a non-executive director, the Board will take steps to ensure that this change is disclosed and explained in a timely manner to the market.

14 Conflict of interest

(a) Directors must keep the Board advised, on an ongoing basis, of any interests that could potentially conflict with those of Cardno and will advise the company secretary of all directorships or executive positions held in other companies.

(b) If a potential material conflict of interest or conflict of duty arises, the director concerned will advise the Board Chair prior to any Board meeting at which the conflicted matter is to be discussed. The director will not receive the relevant Board papers and will not be present or participate in the Board meeting while the relevant matter is considered unless the other directors approve that director’s participation in the deliberation and voting on the relevant issue in accordance with the Corporations Act 2001 (Cth). Any potential conflict must be recorded in the Board minutes.

15 Board committees

(a) The Board will operate three committees:
(i) Audit, Risk & Compliance Committee;
(ii) Nomination Committee; and
(iii) Remuneration Committee.

(b) When appointing members of each committee, the Board will take account of the skills and experience appropriate for that committee as well as any statutory or regulatory requirements.

(c) The committees operated by the Board are to consider and determine the matters for which they are responsible in accordance with their charter. Copies of the charter of each committee are to be published on Cardno website. The Board may establish other committees as and when required.

(d) With respect to any Board committees, the Board will ensure that the following disclosures are made in the Cardno annual report:

(i) the current members of each committee and their professional qualifications and experience;
(ii) the number of times each committee met throughout a period; and
(iii) the individual attendances of the members of those meetings.

16 Restrictions on share dealings by directors

(a) In accordance with Cardno’s Securities Trading Policy, directors, senior management and other nominated parties may only buy or sell shares during certain periods set out in that policy. The policy contains other relevant restrictions.

(b) All Cardno share dealings by directors must be promptly notified to the ASX.

(c) A copy of the Cardno Securities Trading Policy will be published on the Cardno website.

17 Confidentiality

All proceedings of the Board, including Board papers, presentations and other information provided to the Board, must be kept confidential except as required by law or as agreed by the Board.

18 Code of Conduct

Cardno has a Code of Conduct Policy which sets out the way Cardno conducts its business and guides the behaviour of everyone in Cardno (including, employees, contractors and directors) by clearly stating Cardno’s firm commitment to behaving honestly and fairly. A copy of the Cardno Code of Conduct Policy will be published on the Cardno website.
19 Review

The Board will, at least once in each year, review this board charter to determine its adequacy for current circumstances and may amend it as necessary.
